Please check your Transaction Report carefully

Your Transaction Report is different to your regular statements. It offers general information and is generated upon request at a specific point in time.

Transactions may be arranged differently compared to a statement that covers the same period. This document may not include some transactions, such as pending transactions, reversals and uncleared cheques. It shows transactions that have been received by ANZ for processing.

This document does not contain all of the information available about your account. If you'd like more information about your account you can find it in the ANZ App, Internet Banking or by contacting us.

If you notice any errors or unauthorised transactions, please report them straight away via the ANZ App or Internet Banking.

The 'Requestor' is the individual who generated this document. They have access to this account however may not be the account owner. The name and address listed reflect the details we have on file.

The balance listed in this document is indicative of the amount in your account or the amount you owe, as at the time and date of this document. It can be different to the funds (if any) you may currently be able to use (including for deposit accounts). For more information about what is included and not included in the balance amount displayed refer to anz.com.au/support/balance-funds-label/.

For information about ANZ complaints resolution, please refer to anz.com.au/support/contact-us/complaints.
